

Résistance : R

S : Section

Matière : ρ

L

A diagram of a resistor represented as a horizontal rectangle. The left end is a solid vertical oval, and the right end is a dashed vertical oval. A horizontal line with arrows at both ends spans the width of the rectangle, with the letter 'L' centered below it. The text 'Résistance : R' is centered above the rectangle. The text 'S : Section' is on the left side, and 'Matière : rho' is on the right side.
